# IS OUR ORGANIC COTTON REALLY FAIR?

---

As members of the 'BSCI/Business Social Compliance Initiative' we commit ourselves to implementing the BSCI code of conduct as part of our business relations with our manufacturers and thus to improving the working conditions within our supply chain and to producing our textiles fairly. This includes our clear commitment to the employees' right to freedom of assembly, protection against discrimination, and an adequate remuneration, that is, at least the statutory national minimum wage. Another central component is the occupational safety regulations.

An emphatic "yes"

**our "Bio-Baumwolle!" is fair!**

## **OEKO-TEX® Standard 100**

This standard guarantees that textile and non-textile product components pose no threat to health.

# WE LOVE ORGANIC COTTON!

---

We are into clothes with inner values:

The naturalness of the product creates a new awareness of life, as you know that you actively contribute to environmental protection: organic cotton is grown without chemical pesticides or fertilizer. It does not contain any genetically modified fibres.

That is why we are great fans of organic cotton!

## WE LOVE SLUB!

---

The used-look is back and thus also T-shirts with worn out looking sleeve-cuffs and rolled edges. As if to say: "Not being perfect is perfect". The base material slub yarn gives the products a casual appearance. The knitting is intentionally irregular; sometimes thicker, sometimes thinner. Thus the fabric appears to be lively and during dyeing, it absorbs the ink differently. Each T-shirt has its own special character. Very cool!

## 8015 LADIES' SLUB-T | 8016 MEN'S SLUB-T

Ladies'/Men's T-shirt in vintage look | Single jersey made of slub yarn and organic cotton | Elaborate Spray Print technique |

# DO YOU WANT TO PRESENT YOUR OWN BRAND?

Many T-shirts have a neck label of the manufacturer. That means the neck label of the manufacturer has to be detached and replaced by the requested label. With our T-shirts made of organic cotton the labels can be torn off.

Therefore, our label is called "Tear off®-label". 

We relabel the T-shirts for you with a special transfer technique (known from sports articles). Then we put your logo or your brand in the neck area of the T-shirt.
